

The Abandoned Mine at the Spieljoch

Portal

Spot 6a:

At the parting of ways hollow voices sound from the three tunnels. But only one tells the truth, the other two are lying to you. Which entrance should you choose?

Voice from the left tunnel: Don't get led astray, I am the right way!

The one in the middle says: Rest assured, I am the wrong way!

The right one says: Trust me, the left way is the right one!

Spot 8:

For the black showcase to release its treasure, you will need three punchy arguments.

Treasure Chamber

Spot 12:

The trees' leaves will give you freedom
The chestnut's leaves blow to the west
The oak tree's leaves float to the north
The sparrow's leaves go to the east
The lime tree's leaves take off to the south

Spot 11:

Do you see the symbols here?
A, B or C will show you the way, because only one follows these three!

Spot 6b:

If you want to cross the lake to the other shore, always use the stones in the sequence:

I II III IV

You can move backwards and forwards, and left and right, but never diagonally! Beware of a misstep!

Spot 7:

Pull at the lever to open the door. But consider the direction before. Otherwise it won't open again. Until the tenth hour will return.
