

Das Geheimnis des Krapfenbäck's

1. Hol dir die Locandy App
2. Scanne den QR-Code
3. Starte dein Abenteuer
4. Die erste Station kannst du überall spielen

Station 4

Dorf -

Wald -

Kirchen -

Markt -

Haupt -
-weg

-gasse

-straße

-allee

1.

$$\text{Icon of a fish} - (\text{Icon of a fish} \times \text{Icon of a fish}) = \text{Icon of a fish}$$

Schau zur kleinen Kapelle -
wie oft findest du diese Form?

2.

$$\text{Icon of a castle} + \text{Icon of a castle} = \text{Icon of a castle}$$

3.

$$(a+e)-i = \text{Icon of a castle} - r = \text{Icon of a castle}$$

$$\frac{\text{Icon of a castle} + (\text{Icon of a castle} \times \text{Icon of a castle})}{\text{Icon of a castle}} = \text{Icon of a castle}$$

Station 9

Der an der Kirche sich nur richtet nach Süden,
Ein stiller Wächter, den wird niemand müden.
Und wer am Haus mit einem Fenster wacht,
Der dreht sich im Kreis, bei Tag und Nacht.

Der andre folgt, mit treuem Schritt,
Wo der erste geht, da geht er mit.
Begegnen sie sich auf der Stell',
Ein kurzer Gruß, dann geht es schnell.

Zur Gasse klein, am Wegesrand,
Wo rechts ein Haus mit braunem Dach bekannt,
Links ein Fenster in der Wand zu sehen,
Dorthin die zwei Offiziere weitergehen.
Drei Wege warten, hell und klar,
Doch welcher wohl ist ohne Gefahr?

Gurk
